

65th Anniversary Sale

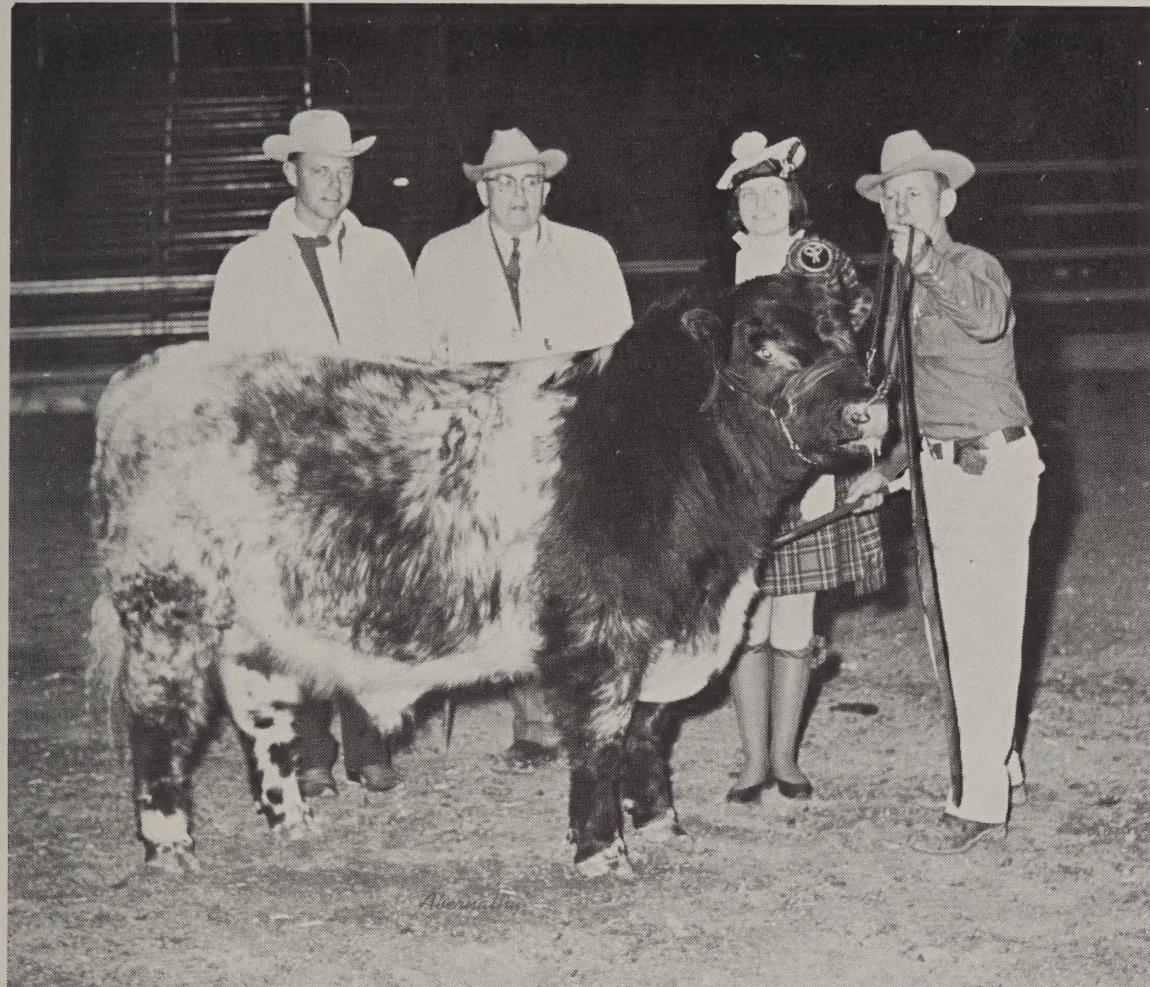

POLLED SHORTHORNS

Wednesday, September 14, 1966

LEEMON STOCK FARM

HOPESTON, ILLINOIS

Pictured on the cover of this
65th Anniversary Catalog are
two of the best bulls ever
produced in the Leemon herd.
At right is Cer. Perfect Max x,
Lot 4, and left is Cer. High-
land Lancer x, Lot 3.

Cer. Roman Lancer x. The reserve grand champion bull of the 1965 National Polled Congress for Leemon Stock Farms. He is typical of the many champions on all levels of competition that Leemon Stock Farms have shown and sold during the past 65 years.

65th ANNIVERSARY SALE

1901

1966

LEEMON STOCK FARM

POLLED SHORTHORNS

Wednesday, September 14, 1966

at the farm near
HOPESTON, ILLINOIS

First-prize aged herd at the 1921 International Livestock Exposition were these exhibited by Leemon Stock Farm. Each won its class. Three were champions. The white bull on the left is Ceremonious Sultan x, five times an International champion! Third from the left is the International grand champion female, Princess Sultana x; fourth is Ceremonious Queen of Scots x, once International junior champion and twice International grand champion.

64 Years of Breed Improvement

Oakwood Magic King x, a son of the International grand champion Oakwood Merry King x, was a breed-building sire for the Leemons.

Although every facet of the beef industry benefits from many different persons with many different talents, no one can deny that the backbone of the business are those hard-working folks who stay on the job for decades. These are the people who, year in and year out, make the greatest improvement.

Such is the enterprise at Leemon Stock Farm, and has been since the turn of the century. In 1901 Charles and John Leemon were among the most respected young farmers in the fertile region of East Central Illinois.

It was a bright day when they selected Shorthorns for their breeding program. By the era of the First World War, their Polled Shorthorns began appearing . . . and winning . . . at the leading shows of the country. Above is their first prize aged herd at the 1921 International Livestock Exposition.

From those early years, sales of Leemon Polled Shorthorns were always events for the entire breed and several years both spring and fall sales were held. The 1918 sale established price records that stood for many years.

Year-in year-out a rigid culling process brought the Leemon herd to the forefront and kept it there. Many an International champion has trod their pastures including Lee Dale Collynie x, the 1938 International champion bull and L F Fashion x, the 1956 International reserve grand champion bull.

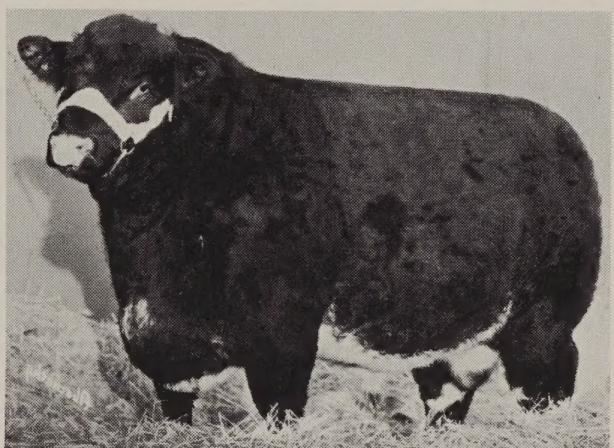

Today, under the careful management of Chuck Leemon and with the active participation of his entire family, the herd is looked to for seed stock by breeders throughout the country. Each year their Polled Shorthorns are high on the list of winners at the mighty Illinois State Fair and at the International Livestock Exposition itself. Their sweep of the 1965 Polled Shorthorn Congress in Valley City, North Dakota itself is proof of their success in developing modern beef cattle with the added advantage of Polled heads.

The most recent addition to the stock bull staff is Gloriadale Fascination x, himself twice an All-American. Few Polled Shorthorn bulls in service today share his popularity with breeders everywhere.

This year, marks the 65th anniversary of the Leemon herd. No time could be more fitting for a sale. Where else can one select from 65 years of breed improvement in Polled Shorthorns?

Lee Dale Collynnie x was the International grand champion bull in 1938. He was used with great success in the Leemon herd.

Heather Baronet 2nd x was grand champion at the 1949 Illinois State Fair and first-prize winner at the 1949 and 1950 International Livestock Expositions. He was a polled grandson of the famous Kirkton Baronet.

L F Fashion x was the International reserve grand champion in 1956 at which time he was purchased for the Leemon herd. His dam also produced the record-priced \$5,000 Roberta x. This sale is rich in his blood.

GENERAL SALE INFORMATION

TIME AND PLACE - Wednesday, September 14, 1966 at Leemon Stock Farm near Hoopeston, Illinois. Sale starts 12:00 noon, lunch will be available. Two miles north of Hoopeston on Route 1 look for signs that will lead you to the farm. Hoopeston is 24 miles north of Danville, 114 miles due south of Chicago. Good plane and rail connections. Approximately 10 miles from the Indiana line.

Health - The cattle will all be sold according to the health regulations of Illinois and health certificates will be provided. Official calfhood vaccination of females has been practiced for many years in the Leemon herd. The herd is federally accredited for T. B. and Bangs.

SHIPPING - Reliable truckers are available in this area. Although all cattle will be at buyer's risk as soon as bid off we will be glad to help load on trucks or help make arrangements for trucking. Buyers from a distance may leave their purchases a reasonable number of days after the sale in order to arrange trucking from their homes.

MEETING YOU - We will be happy to meet your train or plane and take you back after the sale. Contact either Chuck Leemon or the sale manager, Harris Simons, but please give sufficient advance notice.

FARM PHONE - Charles Leemon. Hoopeston 871W.

GUARANTEE - All cattle will be sold under the standard guarantee endorsed by The American Shorthorn Assn., which will form a contract between buyer and seller. The sale manager was retained by the owner for specific tasks promotional and clerical and neither he, the auctioneers, nor clerks are responsible for fulfillment of guarantees, the handling of cattle or condition of the premises. They can accept no liability for accidents. Certificates of registry, properly transferred, will be furnished for each animal sold. The owners cannot be responsible for any accidents that may occur. All attending this sale must assume risk of injury to themselves.

BREEDING DATES - A complete list of breeding dates will be furnished at the sale. Material announced from auction block takes precedence over any written material.

TERMS - The terms of this sale are cash. Checks are to be handed to the clerk immediately following the auction. Where footnotes appear they were furnished by owner.

MAIL ORDERS - Those unable to be present who wish to take advantage of the buying opportunities in this sale may contact any of the following reliable representatives to handle their mail bids:

C. D. Swaffar, Secy., American Shorthorn Assn., 8288 Hascall St., Omaha, Nebraska.

Harris Simons, The Shorthorn World, 16 So. Locust St., Aurora, Ill.
Gordon Hannigan, Penfield, Ill. Or to the auctioneer:

AUCTIONEER - Jim Humphreys, Wolcott, Ind.

SALE MANAGER - Harris Simons, The Shorthorn World, 16 So. Locust St., Aurora, Ill.

A portion of the cow herd at Leemon Farms. These brood cows are noted for their size, capacity, and productivity. This sale features sons and daughters of these cows.

From the Sale Manager —

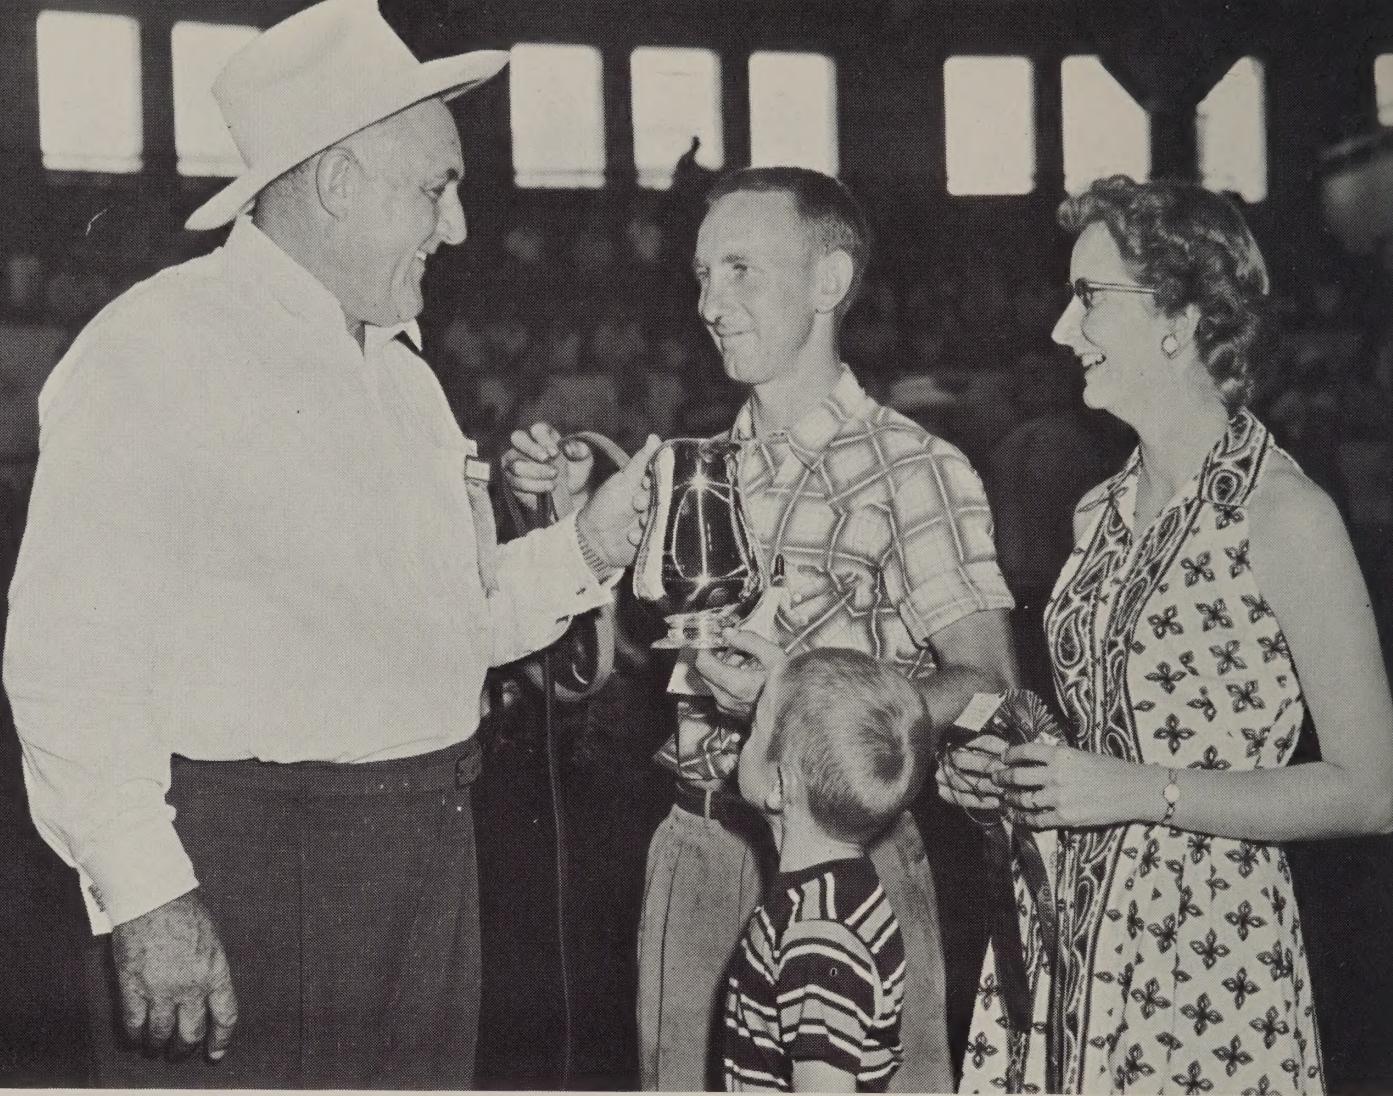

Few herds can boast of 65 uninterrupted years breeding Polled Shorthorns. Even fewer can say with all candor that year after year, their Polled Shorthorns have been consistently among the tops in state and national competition.

Today the Leemon Stock Farm Polled Shorthorns hold a prominent place among the breed's leaders. This envied position has been possible only through 65 years of careful management and total devotion to improving Polled Shorthorns.

At the Leemons', Polled Shorthorns are a family enterprise. Both Chuck and Elaine Leemon are active in breed organizations. They give of their time freely and often. The entire family works with the cattle and loves every minute of it.

Here are good cattle, managed well in practical surroundings on rich east central Illinois farm land. The sale features something from each of the families that have contributed to the Leemon success and the abundance of cow-calf combinations assures real buying opportunities. These are the producing cows straight from the heart of the herd. I feel sure they will do equally well for their new owners as they have for the Leemons. Remember, they are backed by a heritage "locked in" by 65 years of breed improvement.

HARRIS SIMONS
The Shorthorn World

Forrest Lemons, beef cattle superintendent of the Illinois State Fair, congratulates Mr. and Mrs. Chuck Leemon and Charles E. Leemon, on winning the Land of Lincoln Championship at the 1956 Illinois State Fair with Ceremonious Escort x.

Welcome to Leemon Stock Farm —

With great pride we invite our friends and fellow breeders from throughout the country to join with us in this historic 65th anniversary sale of Polled Shorthorns.

The cattle have been the major part of the Leemon family farm since 1901. We have enjoyed them and in turn they have been good to us. The work of my late father and uncle was a rich heritage which is now being carried on by the third generation of the family.

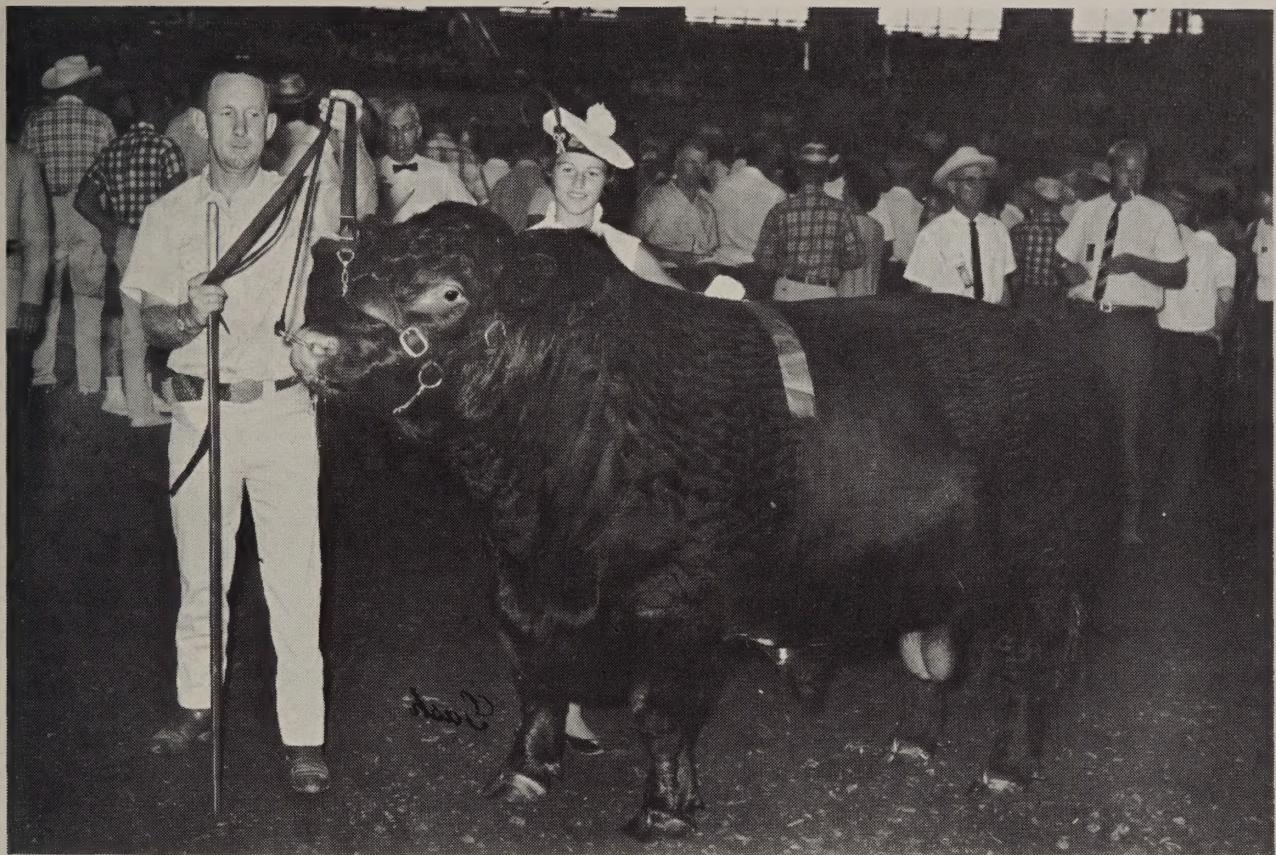

Not only does this sale mark an important milestone in the history of the herd. It also gives us an opportunity to share some of each of the families that have done so well for us. We feel that the large number of cows with calves at foot (and rebred) present real buying opportunities. In most cases we are selling the cows and retaining a daughter or full sister to carry on in the herd.

Don't come expecting to see anything fancy or cattle that are heavily fitted. We just don't do it that way. But this is a practical breeding herd kept in prolific condition and that is the way they will be sold.

We are particularly pleased to have a strong draft from Charles Callahan, Milford, Illinois. These are well bred cattle and nearly all will have calves at foot. We are glad to have Charlie with us and we recommend his cattle as we do our own.

We look forward to having you with us.

CHUCK LEEMON

Gloriadale Fashion x.

GLORIADALE FASCINATION x—I believe this is the best bull I have ever owned. He is big and smooth with a great quarter and lots of bone. He weighs a ton just running with the cows. He had a great show record and was twice All-American. His dam also produced the \$13,500 bull that Ralph Stirm is using. Note that she is an own daughter of Bapton Constructor. His calves are coming and they look like the right kind. Most of the females in the sale will carry his service.

GLENNDALE BARONESS 10th—A real brood cow prospect. Big, rugged and from a good family, by a son of Bapton Constructor! Look her over, then look at the Calrossie, Marshall, and Bapton breeding in her pedigree and you will want to own her. Sells bred to Gloriadale Fascination x that is also from a Bapton Constructor cow. Calfhood vaccinated.

Cer. Regent Lancer x another of the outstanding sons of Oakwood Essential x. He was the 1965 Land of Lincoln grand champion bull and an All American nominee. Several half brothers and sisters sell as well as his sire.

STANDARD GUARANTEE

Recommended by American Shorthorn Association

- A. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
- B. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
- D. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of a freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
- E. In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.
- F. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
- G. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
- H. All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.
